This folder contains the maps' shapefile in the “General Location of National System of Interstate Highways Including All Additional Routes at Urban Areas Designated in September 1955” (Bureau of Public Roads, 1995). The scans of the maps can be found in the following [link](#) (accessed November 5, 2024).

These maps were digitized between January 31 and February 10, 2023. Any errors are my own.
